The Member Impact Fund awards are given in partnership with member financial institutions to communities in their districts to become more vibrant places to live and work. This is the second year that FHLB Des Moines offered the Member Impact Fund, which is designed for members to directly strengthen communities within targeted areas in its district.

First Bank of Montana’s Assistant Branch Manager, Amy Oakley states, “We appreciate the opportunity to partner with Federal Home Loan Bank and increase the grant we provided to Great Falls Development Authority. The funds will be put to good use, supporting agriculture in our communities.”

The Great Falls Development Authority, Inc. is a community economic development partnership and certified Community Development Financial Institution. They work to transform Great Falls, MT, and the surrounding rural and tribal region into a thriving economy.

These funds will be used to create a Great Falls Regional Local Foods Partnership with existing and new agricultural producers. This will increase and diversify what is grown and raised in the region and in turn, create new market opportunities, create jobs, and increase access to local foods.

“We are incredibly grateful for the generous support from the FHLB Des Moines Member Impact Fund and First Bank of Montana. This grant marks a pivotal step forward in our commitment to revitalizing the local economy through sustainable agriculture. This not only supports our agricultural community but also strengthens food security and access for all our residents. We are eager to put these funds to work!”
