FBMT & the FHLB Member Impact Fund

First Bank of Montana, in partnership with Federal Home Loan Bank of Des Moines (FHLB Des Moines), is pleased to announce that the Conrad Community Education Foundation received a \$10,000 grant from the FHLB Des Moines Member Impact Fund and First Bank of Montana.

FHLB Des Moines provides

funding solutions and liquidity to more than 1,200 members to support mortgage lending, economic development, and affordable housing in the communities they serve. The Member Impact Fund provides \$3 for every \$1 of an eligible FHLB Des Moines member's grant donation to strengthen the ability of not-for-profits or government entities to serve the affordable housing or community development needs of their communities.

"The Conrad branch of First Bank of Montana is pleased to be able to partner with the Education Foundation to help them with their ongoing commitment to the students of Conrad. This group's long-term efforts and consistent funding has been of great value over the years to the community of Conrad and we are excited to provide this financial support."

The Member Impact Fund awards are given in partnership with member financial institutions to communities in their districts to become more vibrant places to live and work. This is the second year that FHLB Des Moines offered the Member Impact Fund, which is designed for members to directly strengthen communities within targeted areas in its district.

First Bank of Montana’s Branch President, Lyle Hodgskiss, states, “The Conrad branch of First Bank of Montana is pleased to be able to partner with the Education Foundation to help them with their ongoing commitment to the students of Conrad. This group’s long-term efforts and consistent funding has been of great value over the years to the community of Conrad and we are excited to provide this financial support.”

Dana Davis, First Bank of Montana’s Branch Operations Manager in Conrad also states, “Education is essential for our children and community. From a family of hard-working educators, I’ve witnessed the need for all the help they can get to provide a quality education for our students. First Bank of Montana is excited to take advantage of this opportunity to continue to support CCEF with providing the supplies that teachers and students need to be successful in school.”

The Conrad Community Education Foundation provides necessary supplies, educational materials, and equipment needed for the education of the students that would otherwise not be provided based on the limited financial budgets of the school districts.

These funds will be used to provide computers, iPads, alternative educational seating, educational supplies, maintenance equipment, landscaping materials, and other necessary supplies and equipment to properly educate the youth and support the Conrad Public Schools.

“It is such an honor to be a part of a community that is so generous and recognizes the importance of investing in the most precious resource we have – our youth! We are so very, very appreciative of this most generous donation to such an amazing program such as our award winning One Classroom at a Time. We look forward to administering this program for many years to come and providing the students and teachers with much needed classroom supplies and innovative instructional materials.”

Recipient organizations were selected based on the needs for grant funding to support capacity-building or working capital necessary to strengthen their ability to serve affordable housing or community development needs, including training, predevelopment assistance, management information systems or software, strategic planning, market study or community needs assessment, and working capital.

The Member Impact Fund is part of FHLB Des Moines’ ongoing mission to offer a variety of funding options through its members to support affordable housing and community development needs.

“We are thrilled to see grants from our Member Impact Fund having a direct, positive impact on the communities in which our members help advance affordable housing and community development needs in a meaningful way.”
