The Member Impact Fund awards are given in partnership with member financial institutions to communities in their districts to become more vibrant places to live and work. This is the second year that FHLB Des Moines offered the Member Impact Fund, which is designed for members to directly strengthen communities within targeted areas in its district.

First Bank of Montana’s Regional Market President, Monte Harrison states, “The Central Montana Community Cupboard is a valuable organization that provides support to families in need across Fergus, Judith Basin, Wheatland, and Petroleum Counties. First Bank of Montana is pleased to partner with FHLB Des Moines to provide financial assistance to an organization that has a positive impact on these communities.”

The Central Montana Community Cupboard exists to collect and distribute food to families and individuals facing emergency situations. The Community Cupboard serves Fergus County, Judith Basin County, Petroleum County, and Wheatland County in Montana.

They operate on donations received from the local communities, as well as a handful of grants from local businesses and organizations and are entirely run by an active group of volunteers.

In the last two years the cupboard has seen an influx of individuals that need emergency food services, in addition to the increased cost of purchasing food. These funds will be used for operating expenses to continue the mission of the Central Montana Community Cupboard by purchasing more food and supplies.

“The cupboard in our multiple county service area has seen an increased demand as families struggle to make ends meet. The FHLB donation will be a huge help to keep our local families fed.”
