## FBMT & the FHLB Member Impact Fund

First Bank of Montana, in partnership with Federal Home Loan Bank of Des Moines (FHLB Des Moines), is pleased to announce that the Central Montana Medical Center Foundation received a \$300,000 grant from the FHLB Des Moines Member Impact Fund and First Bank of Montana.

### FHLB Des Moines provides

funding solutions and liquidity to more than 1,200 members to support mortgage lending, economic development, and affordable housing in the communities they serve. The Member Impact Fund provides \$3 for every \$1 of an eligible FHLB Des Moines member's grant donation to strengthen the ability of not-for-profits or government entities to serve the affordable housing or community development needs of their communities.

"First Bank is a community bank, so any time we can do something that touches a lot of people in our community, that's the kind of project we like. Hospitals in our rural communities are so important. This was a huge opportunity for us to support that need."

Monte Harrison  
Regional Market President  
First Bank of Montana

## FHLB Des Moines continued from Page 1

The Member Impact Fund awards are given in partnership with member financial institutions to communities in their districts to become more vibrant places to live and work. This is the second year that FHLB Des Moines offered the Member Impact Fund, which is designed for members to directly strengthen communities within targeted areas in its district.

First Bank of Montana’s Regional Market President, Monte Harrison, states, “First Bank is a community bank, so any time we can do something that touches a lot of people in our community, that’s the kind of project we like. Hospitals in our rural communities are so important. This was a huge opportunity for us to support that need.”

The Central Montana Medical Center is a 25-bed acute care hospital that provides primary care, intensive care, and cardiac care to seven counties in Central Montana. The Central Montana Medical Center Foundation supports CMMC by raising funds to help purchase medical equipment, enhance program services, and support building upgrades. The Foundation also helps purchase equipment for rural ambulance services, education training, and helping other non-profit charities that seek health-related assistance.

The Central Montana Medical Center Foundation will use \$225,000 from the grant to purchase a new 4x4 ambulance to replace a 27-year-old ambulance. The 1996 ambulance is no longer reliable to regularly respond to emergency calls in the 11,069 square mile area that the ambulance would normally service. \$75,000 of the donation will help fund the Cancer Center project in Lewistown that will bring cancer treatment services to these rural communities.

“The EMT staff and department is a pride point for CMMC. Their commitment and care is vital to the health and safety of our community. That is why this grant is so much more than the assistance of purchasing an ambulance. It is a gift that allows for large impact in caring for the great folks of the Central Montana community. Thank you, First Bank of Montana, and thank you FHLB, this is a very important gift for CMMC and Central Montana.”

Abby Franks  
 Foundation Director  
 Central Montana Medical Center Foundation

Recipient organizations were selected based on the needs for grant funding to support capacity-building or working capital necessary to strengthen their ability to serve affordable housing or community development needs, including training, predevelopment assistance, management information systems or software, strategic planning, market study or community needs assessment, and working capital.

The Member Impact Fund is part of FHLB Des Moines’ ongoing mission to offer a variety of funding options through its members to support affordable housing and community development needs.

“We are thrilled to see grants from our Member Impact Fund having a direct, positive impact on the communities in which our members help advance affordable housing and community development needs in a meaningful way.”

**TOP 10**  
★★★★★★★★  
**BEST BANKS**

**Forbes**, one of the foremost financial publications in the world, again honors Glacier Bancorp as one of the top ten banks in the United States.

**Glacier Bancorp**, headquartered in Kalispell, Montana, is a regional bank holding company providing commercial banking services in 143 communities through 223 banking offices in Montana, Idaho, Colorado, Utah, Washington, Wyoming, Arizona, and Nebraska. First Bank of Montana, with its 9 branches, has served communities throughout Montana for 98 years.

### How Forbes calculates its rankings

**Forbes** bases its 2022 rankings on data collected by S&P Global Market Intelligence from filings submitted to federal and state regulatory agencies through September 30, 2021.

*"As a member of the Glacier family since 2006, we are proud to be part of a great company and honored that Forbes continues to recognize Glacier as one of the top performing banks in America. This recognition is a tribute to the employees at First Bank of Montana and throughout Glacier Bancorp. Their passion for community banking is the foundation for our success."*
