

NOTEWORTHY

Annual "Give a Gift" Donation

First Bank of Montana continues to work with the local food banks on many levels every month of the year. Combined with the willingness to serve, we may be assisting on the board, unloading food trucks or donating a monetary amount to help with the holidays.

This year, First Bank of Montana's

nine branches, reached out to their local food banks to donate \$500 to each location. The goal was to give the funds to help families over the holiday. This is part of our annual "Give a Gift" donation to support our rural communities. Food banks can change lives and communities. We are honored to support them.

"Our bank has a long history of supporting community projects. We continue to do this to add to the value of our areas. We believe in our communities and growing, together."

Dean Comes,
President
First Bank of Montana
